## WELCOME TO AUTUMN

Well, we seem to have missed yet another Ezine so in the interests of simplicity and continuity, we have decided to scrap the Nappy Wrap Ezine and go with a simple newsletter instead. Many thanks to Jess Green, the former editor of the Nappy Wrap Ezine. We wish you all the best with your job hunting.

What a start to the year! We hope that all of our ANN members and sponsors survived all the wild weather relatively unscathed. It was great to see lots of support and well wished for those affected by the cloth nappy community yet again.

It is Cloth Nappy Hunt Season. If you aren't sure what we're talking about then head over to the Diaper Decisions website and join in the fun: <http://www.diaperdecisions.com/pages/greatnappyhunt.php>

The ANN is trying to get some enthusiasm back into advocacy this year. We've got a lot planned and it is great to see events being listed, planning and chatter on our Facebook Page. If you'd like to be keep up to date with what's happening at the ANN, or better yet get involved, please pop over and become a "liker".

We are also looking at a few changes with ANN this year with Lucy set to retire. We are still looking for a director to help take her place and there are lots of other ways you can become involved with the ANN to spread the cloth love. Please let us know if you are interested by sending an email to [kira.jessup@gmail.com](mailto:kira.jessup@gmail.com).

We look forward to getting to know some of you a little better and to see you at some of our ANN events in 2011.

## WINNER OF OUR CLOTH NAPPYING TOP TIPS AND NAPPY WRAP ARTICLE IDEAS PROMOTION

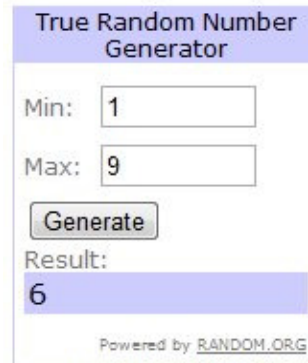

Despite the Nappy Wrap no longer existing in Ezine form, we would like to announce that there were a total of 9 entries into our competition. And using the random number generator the winner is:

Erin Jackson. Congratulations! Erin has won \$50 to spend on nappy making supplies or at any of our sponsor stores.

Erins tips were:

*When making your own nappies- use paperclips to hold the layers together. No holes and no messy glue, plus you can move them as you go. And if you have a magnetic pin holder then they stay in the one spot.*

*Also, always keep a spare nappy and wipe in a wetbag in the car, you never know when you may need it.*

Thanks Erin, enjoy your prize.

## ADVOCACY KITS

The ANN has Advocacy Kits in most major cities and some regional areas. If you are interested in seeing an advocacy kit near you, please look at attending one of our local meets or arranging with the kit holder to come and have a look. Please send an email through the contact form on the ANN website.

We are looking to split the Sydney Advocacy Kit to make it more accessible (Sydney is a BIG PLACE). If you LOVE talking about nappies and live in Southern, South Western or Western Sydney then we need you! Please e-mail me for more info Louise - sydney at nappynetwork dot org dot au
